## **MISS ANN HOSTS MTV'S REAL WORLD DC CAST FOR SPECTACULAR JULY 4TH**

WASHINGTON DC, JANUARY 06, 2010: First aired today, the cast of Real World DC, the 23rd season of MTV's groundbreaking show, celebrated our nation's birthday aboard the vintage luxury yacht Miss Ann.

The cast arrived in the late afternoon; already in good spirits. Along with other guests they celebrated our nation's 233rd anniversary surrounded by the rich Gatsby-era atmosphere and vintage appointments found aboard this stately vessel. The evening culminated in a fantastic view of our capitol fireworks seen next to the Washington Monument.

Videos of the special evening may be seen in the Dailies section on the MTV Real World DC website: [www.mtv.com/shows/real\\_world/Washingtondc/series.jhtml](http://www.mtv.com/shows/real_world/Washingtondc/series.jhtml)

The Miss Ann, a 127 foot luxury fantail motor yacht, was built in the 1920's by Detroit industrialist John French. Built to entertain family and guests, she was incorporated with all the finest furnishings of the time. When the United States entered WWII she served our country as the Aquamarine, patrolling local waters and conducting experiments in underwater sound and communication technologies. She also served as tender to the presidential yachts Potomac and Williamsburg. Renovated in the 1950's when purchased by Ennolls Stevens of the Tides Inn she still retains the grace and character of that bygone era.

Now in Washington DC, Miss Ann gracefully entertains guests on the Potomac River. Moored at the Gangplank Marina along Washington Channel, she is available for private charter cruises. More information may be found at [www.missanncharters.com](http://www.missanncharters.com) or by contacting Miss Ann Charters, LLC at (202) 448-8983 or on her website: [www.MissAnnCharters.com](http://www.MissAnnCharters.com).
